MASONS CELEBRATE JUBILEE.

Prince of Wales Presides at Their Meeting In London.

London, June 15.—The Masonic meeting at the Royal Albert hall in commemoration of the queen's diamond jubilee was a notable function. The hall was packed by over 10,000 Masons in gorgeous regalia. The Prince of Wales and the Duke of Connaught arrived, preceded by trumpeters sounding fanfares. When they entered the hall, the organ played a grand processional march, and all present rose to their feet.

The grand officers lined the aisle to the dais. The Prince of Wales, as grand master of England, followed by an imposing staff composed of grand officers, moved to the sound of the majestic music to his throne, where, surrounded by a brilliant phalanx of officers, he was received and greeted in the united form of salutation reserved for his high station.

The prince then addressed the audience and announced that the admission fees for the ceremony amounted to £7,000 ($35,000), half of which would go to the Prince of Wales hospital fund and the other half to the different Masonic charities.

The Duke of Connaught moved an address to the queen in behalf of the Masons, and it was carried with loud applause, after which the whole assemblage joined in singing the national anthem to the accompaniment of the organ.

Murderer Howard A. Scott, a negro, was executed at Sing Sing. Three shocks were administered. Scott was killed by the first. The execution was a success. Scott died bravely and without protest. He killed his wife, Margaret, Oct. 26, 1896.

Foreclosure Suit Begun.

Chicago, June 15.—A bill has been filed to foreclose a trust deed for $190,934 on the property of the Cheltonham Beach company. The deed is dated June 25, 1891, and was given to secure a loan. The company was organized in 1891 to create a summer resort and bathing beach on Lake Michigan just south of Jackson park. About 160 acres were purchased and a hotel and minor buildings erected. The place was never a financial success.

Will Not Allow Fight Pictures.

Montreal, June 15.—The chief of police has ordered down all the streamers and posters announcing the verascope exhibition of the Corbett-Fitzsimmons fight, and it is expected that it will be stopped.

Will Not Pardon the Murderer.

Hartford, June 15.—The board of pardons has heard the application of Thomas Kippie, under sentence to be hanged July 1st for the murder of his wife, and the board decided not to interfere with the sentence.

SUICIDE OF BARNATO

The Famous South Africa Diamond King Ends His Life.

LEAPED OVERBOARD FROM A SHIP.

His Real Name Was Barnett Isaacs—Began His Career as an Impecunious Showman and Acquired a Vast Fortune by Speculation.

London, June 15.—A special dispatch from Funchal, island of Madeira, off the west coast of Marocco, says that on the arrival there of the British steamship Scot, which left Table bay, Cape Town, on June 2 for Southampton, it was announced that Barney Barnato, the South Africa diamond king, who was among the passengers, had committed suicide by leaping overboard. His body was recovered.

The late Barney Barnato was in many respects the most remarkable speculator of the century. Of all the Englishmen who have taken part in the development of South Africa two only have secured a worldwide reputation. These have been Cecil Rhodes and Barnett Isaacs, more often and less respectfully styled Barney. Barnato was an assumed name, a sort of stage name, for he began his life in South Africa by exhibiting a trick donkey about 25 years ago. He was then about 20 years of age.

Barnato was an English Jew and illustrated in an extraordinary way the financial genius of his race. Up to the point where his fortunes began to decline he made money by leaps and bounds, and in 1895, when his good fortune was at its zenith, it was estimated that he controlled interests worth in the neighborhood of £100,000,000.

Called the Richest Man In the World.

It was the fashion to call him the richest man in the world. At that time he was virtually the king of the London money market. In the autumn of 1895, when the boom in "Kaffirs," the shares of the comparatively new gold mines of the Transvaal, South Africa, was at its height, every man, woman and child in London with money to invest invested it in "Kaffirs." The craze was the last of those financial fevers which periodically attack conservative England, the "South sea bubble" being the first. For months it was the controlling passion in London, and it was scarcely less rampant in Paris and Berlin. The shares went to unheard of figures, and fortunes were made in a day.

The center of this tremendous financial outburst was Barney Barnato, and he was conservatively estimated at that time as worth between $100,000,000 and $150,000,000. Among his assets was a bank originally capitalized at $12,500,000. In a very few months its capital stock rose in value to $45,000,000.

Barnato was born in London. But little is known as to his early life, except that he received his instruction from a private tutor instead of attending the public schools. He was a younger son, and at the age of 20 went to South Africa, then a much more savage territory than it is now and but scantily populated by Englishmen or persons of English descent, to seek his fortune. The Kimberley diamond mines were just beginning to be productive. With his few pounds of capital he began dealing in diamonds in a small way. He was clever and pushing. Everything he touched he made successful. In five years he had earned enough in the retail sale of diamonds to purchase shares in the mines from which his merchandise had come. Before another five years had elapsed his holdings at Kimberley had become very large, and when the Transvaal goldfields were discovered he had profits to invest in them.

He Was a Money Power.

In 1886 Barney Barnato was a definite power in South Africa and began to be spoken of as the rival of Cecil Rhodes. Unlike in temperament and even more unlike in personal ambition, the two men started in to be hot opponents. But in 1888 they reached the conclusion simultaneously that their respective interests could be best promoted by combining forces, and the De Beers consolidated mines were the result, one of the most valuable pieces of property of the kind in the world.

Barnato repeatedly and persistently denied the story that he began life in South Africa by exhibiting a trick donkey, but there are many Afrikanders entirely familiar with his career in that part of the world who have as persistently and repeatedly asserted this to be the fact. There is no truth, however, in the story that he was ever a clown or a juggler in a wandering show. He used to say the only foundation for this report was the fact that when he first went to South Africa he frequently took part in private theatricals for the benefit of hospitals and similar charities. He had considerable ability in this direction, and his favorite roles in later years were Othello and Mathias in "The Bells."

Although Barnato represented Kimberley twice in the Cape legislature, he had little time to give to politics and little interest in that field of activity. Cecil Rhodes uses wealth only as a means to political control. Barnato aspired only to such control of men as comes from being fabulously rich. His record in the Cape legislature was quite devoid of incident. When the tremendous increase in his mining interests called for the establishment of a London branch, this took the form of the Barnato bank. From that date he spent most of his time in London, living at first in Earl Spencer's town residence, but moving finally into a magnificent mansion overlooking Hyde park.

While in Africa he married and had three children, two sons and a daughter, who survive him.

TRAIN DERAILED.

Spreading of the Rails Throws a Train, Killing the Engineer.

Richmond, Ind., June 15.—Train No. 2, south bound express on the Grand Rapids and Indiana railroad, was derailed at Stone Station, near Ridgeville, 30 miles north of here. The rails are said to have spread, ditching the engine, tender, mail and baggage cars. The smoker was partially derailed.

The engine was totally demolished, instantly killing Engineer David Kramer of Fort Wayne, aged 50 years. He did not leave his seat and was found under the engine. Fireman Grabel of Fort Wayne was seriously injured. He fell under the tender. Baggage Master Martin Minch of Fort Wayne was also injured. S. W. Mundy, express messenger, of Grand Rapids, was slightly injured.

The smoker and other coaches were not damaged. No passengers were hurt. Heat is supposed to have caused the spreading of the rails.

BRIGHTER PROSPECTS.

Iron Companies Resuming Business After a Term of Idleness.

Pittsburg, June 15.—The puddling, finishing and nail departments of the Oliver Bros.' Tenth street mill have resumed operations after an idleness of a week, due to lack of orders. About 300 men are benefited by the resumption.

The Lockhart Iron and Steel company has also started three furnaces in the 16-inch bar mill, and a large number of men were put to work in the puddling department. The mill has been idle for some time, owing to lack of orders. More men will be put to work in the near future. The mills of the Jones & Laughlin Steel company, limited, on the south side, present a normal appearance.

All departments affected by the recent strike are again in full operation, and everything about the plant betokens industry and quiet.

RUSH FOR PENSIONS.

Extra Clerks Had to Be Appointed to Look After the Claims.

Washington, June 15.—The war veterans are rushing forward their applications for pensions under the new administration, and the increase in the volume of such business has been so extraordinary as to necessitate the detail of 30 additional clerks to the record division of the pension bureau to look after the claims.

These employees were taken from the various adjudicating divisions. In the ten days ending last Saturday the number of applications of all kinds for pensions aggregated 14,300.

During the 83 days subsequent to March 8 last the record division of the office disposed of 84,100 applications. The approximate number of such claims now pending in the bureau is 35,000.

LAW STUDENT KILLED.

Struck by a Log From a Badly Prepared Blast.

Utica, N. Y., June 15.—In Boonville, this county, John J. Burroughs received injuries from which he died. Mr. Burroughs was 24 years of age and a student of Columbia College Law school. He had been home for some weeks on account of ill health and was out to see the operations of men engaged in building waterworks.

They were blasting in Charles street, and Burroughs stood under a tree 75 yards away. The chain that held the covering to a blast broke, and a piece of log weighing 20 pounds was hurled through the air, striking the young man with great force. Slivers on the log penetrated to his lungs.

THE DAUNTLESS.

She Dodges the Marblehead and Gets Out to Sea.

Jacksonville, Fla., June 15.—A special from Key West says: The Dauntless has left on another expedition. After taking on 33 Cubans she attempted to go through the northwest passage and ran ashore. Assistance was sent for, and the tugs Clyde and Childs pulled her off. About half past 4 o'clock in the morning the Dauntless changed her course in returning to the harbor, and, passing the Marblehead, put to sea. The Marblehead started in pursuit.

The schooner Adams took 40 tons of merchandise from the Biscayne and went to sea to meet the Dauntless.

Imprisoned by a Bicycle Chain.

Nashua, N. H., June 15.—While William Robichaud, a bicyclist, was about to chain his wheel to a post opposite Odd Fellows' hall a stranger came up behind him and, snatching the chain, slipped it around Robichaud's arms and body and snapped the padlock. Robichaud could not move his hands and was securely imprisoned for two hours. Finally a policeman secured a hammer and a cold chisel, with which he cut the chain. If the stranger intended robbery, he must have been frightened away.

Children Burned to Death.

Dayton, O., June 15.—When the firemen extinguished the fire at the home of Frank Prestel, a laborer, on Nassau street, they found the badly charred bodies of Rosa, aged 6, and Albert, aged 2 years, locked in each other's arms. The children had played with matches and set fire to the upper part of the house. So rapid were the flames in their deadly work that the mother discovered the danger of her children too late to save them.

Two Killed by Superintendent's Car.

Portland, Or., June 15.—While Superintendent O'Brien of the Oregon Railway and Navigation company was returning from an inspecting tour his private car ran into a hand car and killed Charles A. Rathbone and the 6-year-old son of R. Dunn, section foreman.

REPORTERS SNUBBED

Refused Entrance to George Vanderbilt's Residence.

THE PRESIDENT CHAMPIONS THEM.

He Said the Newspaper Men Were His Invited Guests, and as Such They Were Admitted to the Famous Biltmore House.

Asheville, N. C., June 15.—An unexpected incident of President McKinley's visit developed when it became known to newspaper men accompanying the party that permission to enter Biltmore House, George W. Vanderbilt's splendid mansion, had been refused to them while extended to other members of the party. Mr. Vanderbilt is abroad, and his representative, Charles McNamee, is with him. In the absence of both the estate is governed by E. J. Harding, said to be an Englishman by birth.

When waited on by the local committee of arrangements a day or two ago for permission for the president and party to enter Biltmore House, he objected strongly to receiving any members of the party other than the president and his cabinet and the ladies with them.

He even refused permission to Manager McKissick of the Battery Park hotel, in charge of the party here, and in the course of conversation had with two members of the committee said, "Mr. Vanderbilt spits on newspaper notoriety, and so do I."

The President Arrives.

After this there was nothing for the local committee to do but withdraw. So the matter rested until yesterday, when the president arrived, and J. Addison Porter, his secretary, was told of the incident. He must have informed the president, for later Mr. Harding was called up on the telephone by Mr. Porter and asked if it were true that newspaper men would not be admitted to the mansion.

Porter was told that it was, and then he informed Mr. Harding that the president considered the newspaper men were his invited guests on the trip and that they were as much a contingent of the party as members of the cabinet.

Furthermore, Mr. Porter notified Mr. Harding that the president had authorized him to say that if the newspaper men were barred from the mansion he would not step his foot inside the estate. This brought things to a crisis, and Mr. Harding capitulated with the best grace possible, and the newspaper men were admitted to the mansion on the same footing as the president and his cabinet.

Wintersteen Renews His Bail.

Bloomsburg, Pa., June 15.—L. S. Wintersteen, the accused dynamiter whose trial lasted three weeks and resulted in the jury disagreeing and being discharged late Saturday night, has appeared in court and renewed his bail in the sum of $7,000. E. B. Brewer and F. P. Drinker became his sureties. Clifton Knorr, who turned state's evidence and said he was hired by Wintersteen to blow up Lawyer Waller's house, did not appear, as it was not necessary for him to renew his bail. He is simply awaiting sentence. Wintersteen is to appear for trial again at the September term of court.

Detroit Raises a Big Flag.

Detroit, June 15.—A feature of flag day in this city was the raising of the big flag and union jack presented to the city of Detroit by the crew of the United States cruiser Detroit. The banners were hoisted from the ground in front of the city hall to the flagstaff on top of the building shortly after noon by some United States marines amid cheers of the crowd. Mayor Maybury and others made short appropriate addresses, and the bright new emblems of patriotism fluttered finely in the fresh breeze.

Fell From His Bicycle.

Philadelphia, June 15.—Ralph D. Paine, a newspaper man, well known in this city and state and in New York city, was thrown from his bicycle at Milford, Pa., and his left arm was fractured in six places. The physicians state that he will never again have the use of the limb. Mr. Paine had been for a week at Milford reporting the Schulz murder trial for a Philadelphia paper. He but recently returned from a trip through Cuba, which he made for a New York newspaper.

Police Find Another Bomb.

Paris, June 15.—The police found a second tube filled with powder and scrap iron near the scene of Sunday's explosion. They are of the opinion that the miscreant is probably the man who placed explosive tubes of a similar character in the Place de la Concorde during the recent visit of Emperor Nicholas.

Sixteen Persons Poisoned.

Whitestone, N. Y., June 15.—Sixteen persons were poisoned while on a yachting excursion up the sound by iron rust which had in some way got on a chicken. At first it was believed that several of the victims would die, but the attending physicians say that all will recover.

Steamer Injured by Wreckage.

Antwerp, June 15.—The British steamer St. Enoch, Captain Mundle, which arrived here on the 11th from New York, has several bow plates badly dented from coming in contact with wreckage on the Atlantic on her voyage across.

Murder Accessory Sentenced.

Amsterdam, N. Y., June 15.—Peter Gonyea, who was convicted of being accessory to the murder of Lewis Erkenbrack, has been sentenced to three years' imprisonment at Dannemora.

TALK STILL ON SUGAR

Mr. Hoar and Mr. Tillman Have a Tilt During the Discussion.

ONE VOTE TAKEN DURING THE DAY.

Lindsay's Amendment Has Been Rejected. Senator Tillman Submits a Report on His Bill For the Amendment of the Wilson Law.

Washington, June 15.—The senate debate on the sugar schedule of the tariff bill proceeded with only one diverting incident to relieve the monotony into which the discussion has lapsed. This was the sharp exchange between Mr. Hoar of Massachusetts and Mr. Tillman of South Carolina, representing the two extremes of senatorial procedure.

Mr. Tillman again referred to published charges of irregularity in connection with the sugar schedule and asserted that the senate would stand convicted before the American people if it failed to investigate the charges. Mr. Hoar calmly and impressively repelled this statement, his tone and language being calculated as a rebuke.

He declared that the vague charges of irregularity were not only preposterous, but infamous. Mr. Tillman reiterated that senators would stand convicted by the people if they sought to hide behind the senatorial toga.

Allison Makes a Speech.

Mr. Allison, in charge of the bill, made another speech in defense of the schedule, presenting tables which he declared proved that the sugar refiners received less protection under the senate schedule than under the existing law. Mr. Pettigrew of South Dakota spoke at length in favor of his amendment to place on the free list articles controlled by trusts, severely arraigning the various large trusts. Mr. Allen of Nebraska urged legal procedure against the trusts. Only one roll-call occurred during the day, on Mr. Lindsay's amendment to place all sugars on the same basis. This was rejected—26 to 29—Mr. McEnery of Louisiana voting with the Republicans in the negative and Senators Pettigrew and Mantle with the Democrats in the affirmative.

Senator Tillman from the committee on interstate commerce has submitted a report on his bill for the amendment of the Wilson law concerning the commerce in liquor between the states. His bill is intended to legalize the South Carolina system, and the report just made says its enactment in view of the recent decision of Judge Simonton is necessary to protect the state from the evils of intemperance.

The report also says: "If the state of South Carolina is to be flooded, as it will be, by liquors under the pretext that they are for private use, when in fact they are for sale without analysis, it is readily seen what obstacles are thrown in the way of state control."

The conclusion is drawn that no remedy is left for restricting intemperance except prohibition, and that, the report adds, is a pronounced failure.

Republicans Hold a Caucus.

Washington, June 15.—The Republican senators were in caucus for more than three hours last night, and when adjournment was reached not very much progress had been made. Three propositions only were under consideration. These were the question of what to do with the Hawaiian reciprocity treaty, the advisability of giving a bounty on beet sugar and the question of an antitrust amendment.

The Hawaiian treaty question was passed over, the beet sugar bounty proposition was withdrawn, and the antitrust amendment was referred to the Republican members of the judiciary committee.

In reference to the Hawaiian treaty proposition several senators expressed the opinion that if it was true that a treaty of annexation was to be sent in that it would be absurd to enact legislation looking to the abrogation of the treaty of reciprocity. Senators who were aware of the progress of the annexation treaty did not feel at liberty to give the caucus full information.

Millionaire Charged With Abandonment.

Mount Vernon, Ills., June 15.—The young millionaire James E. Berry was arraigned before Judge Wells on a charge of wife abandonment preferred by his wife, Mrs. Sadie Miller Berry. The case was set for trial tomorrow, and Berry was required to give bond for $500 for his appearance. Great excitement ensued when Berry objected to furnishing bond and began displaying all kinds of bills and saying that he would furnish the bond himself without the aid of other people, and this not being permitted he made things lively by tearing a $500 bill in two while the spectators stood struck with awe at his actions. Several people signed the bond.

Swindlers Sentenced.

Boston, June 15.—J. Richard Mulrey, convicted in two trials of obtaining money from the city of Boston by false pretenses, has been sentenced in the superior court to eight years in the state prison. P. J. Finneran, convicted with Mulrey at the first trial, received a sentence of 28 months in the House of Correction and a fine of $1,400.

Fire on Ellis Island.

New York, June 15.—The main building for the reception and clearance of immigrants at Ellis island was burned this morning. This building contained the valuable records relating to the passage of immigrants into this country through this port, many of which were destroyed.

Small Town Ablaze.

Detroit, June 15.—A special from Weidman, Mich., a town of 400 inhabitants in Isabella county, says: The town is all afire. A high west wind is blowing. There is no hope of saving the main part of the town.

Heavy Rains Affect Crops.

Saratoga, June 15.—Agriculturists complain of the frequent heavy storms that have drenched this section of late, seriously affecting growing crops. The rainfall during the past four weeks has been unusually heavy.

Rev. Dr. Conway Resigns.

London, June 15.—The Rev. Dr. Moncure D. Conway, minister of the South Place Ethical society, has resigned his pastorate, owing to the health of his wife.

INSANE FROM LOVE.

A Washington Man Tries Several Times to Kill Himself.

IS CONFINED IN A STRONG ROOM.

While He Was Abroad Studying, His Inamorata Transferred Her Affections Uncertainty as to His Recovery.

Washington, June 15.—Edwin Doren, son of the late Paymaster Doren of the navy department, is confined in a strong room at the Emergency hospital. He is said to be suffering from mental aberration, caused by his infatuation for a Washington young lady who refused to return her love for his.

This rejection of his affection has led the young man to make several efforts to commit suicide, the last attempt having been made Friday evening when his friends say he took 150 grains of chloral.

The young man has been placed in a barred room, and a most diligent watch is constantly kept to prevent him from doing himself bodily injury. A special nurse has been placed at his door, and the house physicians are constantly on guard. Dr. H. L. Johnson and Dr. Tompkins have had the patient in charge, but refuse to say anything about the case.

Hour after hour the man paces the narrow room and cries piteously for "Irene, Irene, angel of my life, come to me ere I die! Come to my arms, Irene, my Irene!"

But Irene has left Washington. She took her departure recently and is said to be bestowing her affections upon another. Who the young lady is the friends of the man refuse to state.

Edwin Doren is 30 years of age. He came to Washington from California when he was a boy, when his father was made paymaster in the navy. Finally he became acquainted with a handsome young lady. It is said that he intended to marry her. His father was proud of him and sent him to the universities of Europe to be educated.

Had Passed Some Time In Paris.

For a number of years he has been in the gay French capital, but his love for the Washington girl has never grown cold. Some time ago he returned to America, after having become master of six languages and proficient in many branches of science and philosophy. His attentions were directed toward the young lady Irene, whom he had left behind. During all the time he remained absent he communicated often with the young lady, but in the meantime her devotion had become estranged.

Last Friday, it is said, he made a final proposal to her and upon being refused decided to end his life. Owing to his conduct Irene has fled from him, and where she has gone only her friends know.

Young Doren managed to break through the door of his room during one of his ravings and threatened to throw himself down the elevator shaft. An attendant seized him and again locked him up.

The young man is wealthy and is well connected with several prominent families in Washington. His brother and sister have lately been in Washington, but it is understood that they have now returned to their home in California.

Big Haul of Stolen Goods.

New Haven, June 15.—The local detective bureau has made the biggest haul of stolen goods that has ever been unearthed in this city and captured a gang of Italian shoplifters who had over $2,000 worth of plunder secreted. Two wagon loads of stolen silks, satins and the various articles found in a dry goods store were carried to the police station to await identification. The persons arrested are: Raymond Maresca and wife, 10 Prindle street; Mrs. Eugene Maresca, 12 Fair street, and Catherine Fedell, 18 Union street. Alphonso and Mary Resigno, who run a lodging house at 12 Fair street, were arrested for complicity.

Assistant Attorney General Retires.

Washington, June 15.—Assistant Attorney General Edward B. Whitney has retired from office. He has had charge of the litigation arising out of the tariff laws and argued in the supreme court the income tax case, the sugar bounty case, the Debs case, the long pension case and the recent interstate commerce and filibustering cases. Mr. Whitney will return to New York and be succeeded by a Yale classmate, Henry M. Hoyt of Philadelphia.

No More Signs of Yellow Fever.

New York, June 15.—Health Officer Doty has returned to quarantine from the city. The second cabin passengers of the Advance, detained at Hoffman island, are all well. They will probably be discharged within the next few hours. There were no other removals to Swinburne island. The body of Seaman Otto Wernersen, who died of yellow fever at Swinburne island, will be cremated.

Fire on Board a Cotton Steamer.

Antwerp, June 15.—The British steamer Highland Prince, Captain Thomas, which arrived here on the 10th from New Orleans via Havre, had a slight fire on the same day in the cotton stored in hold No. 4. Before the fire was extinguished, 30 bales of the cotton were badly scorched and others badly damaged.

Cyclone Visits Virginia.

Richmond, June 15.—Upper Hanover and lower Caroline counties have been visited by a cyclone. Trees were uprooted, fences prostrated, wheat blown out of the ground in some places, and several barns were destroyed. At Bullfield the race track stand was blown away. No fatalities are reported.

Strike In Novelty Works.

New Britain, Conn., June 15.—All but 2 of the 23 buffers employed by the Traut & Hine company, manufacturers of suspender trimmings and novelties, have quit work, owing to a readjustment of prices, which the men claim amount to an average reduction of their wages of from 20 to 30 per cent.

Trying to Save a Steamer.

London, June 15.—The British steamer Ohio, from Rotterdam for Baltimore, which was towed to Sinclair bay after having been ashore at Freswick bay, near Wick, has been beached on the sand stern foremost, and the holes in her bottom are being patched to enable her to reach a port to repair.

SCHOOL AND CHURCH.

—In a colored Baptist church of 18 members at Catonville, Md., nearly half of the members are trustees.

—Rev. Eugenie St. John, of Kansas, a well-known woman clergyman and advocate of woman suffrage, will go to Europe to study the problem of municipal government.

—Dr. Abbott remarks in the Outlook that "Christ repudiates the idea that God finished His creative work in six days and then rested." He presumably bases this extraordinary statement on the Master's declaration in John: "My Father worketh even until now, and I work."

—Mr. William T. Ellis, who more than two years ago went from Philadelphia to Boston to become one of the editors of Golden Rule, has recently returned to the city of Brotherly Love and become assistant editor of the periodicals of the Presbyterian Board of Publication, [illegible] J. R. Miller, D. D. Forward, the young people's paper, is to be Mr. Ellis' especial field.

—Extemporaneous speaking of the right kind, according to Dr. Buckley, the brilliant editor of the Christian Advocate, is "the delivery of thoughts previously conceived and adapted with more or less fullness and precision, together with such thoughts as may occur and such feelings as may arise, in an arrangement of words, sentences and paragraphs wholly the birth of the occasion."

—Since Leo XIII. has filled the chair of St. Peter he has repressed the humorous side of his nature, which made him greatly in demand as a dinerout while filling the office of nuncio at Brussels. Always severe in matters of propriety, says the Indianapolis Journal, he was deeply offended on one of these occasions by a baron who passed him a box of snuff on the lid of which was enameled a feminine figure en deshabille. Admirably controlling his annoyance, his future holiness replied: "Very pretty. Is it your wife?"

THE NUMBER THREE.

Some Curious Superstitions Regarding It in the Popular Mind.

There is a superstitious regard for the number three in the popular mind, and the third repetition of anything is generally looked upon as a crisis. Thus an article may twice be lost and recovered, but the third time that it is lost it is gone for good. Twice a man may pass through some great danger in safety, but the third time he loses his life. If, however, the mystic third can be successfully passed all is well. Three was called by Pythagoras the perfect number and we frequently find its use symbolical of deity. Thus we might mention the trident of Neptune, the three-forked lightning of Jove and the three-headed dog of Pluto. The idea of trinity is not confined to Christianity, but occurs in several religions.

In mythology also we find three fates, three furies and three graces, and, coming nearer to our own times, Shakespeare introduces his three witches. In public house signs three seems to play a important part, for we frequently meet with "Three Cups," "Three Jolly Sailors," "Three Bells," "Three Tuns," "Three Feathers"—in fact, the number of almost anything of which a fertile imagination can conceive a trio. In nursery rhymes and tales this number is not unknown, and if we look back to the days of our childhood most of us will call to mind the three wise men of Gotham who took a sea voyage in a bowl, not to mention the three blind mice that had their tails cut off by the farmer's wife. Perhaps there is some occult power in the number which governs the division of novels into three volumes and induces doctors to order their medicine to be taken thrice daily. It is said that some tribes of savages cannot count beyond three. But, although they may have no words to express higher numbers, perhaps we should be scarcely justified in assuming that they are incapable of appreciating the value of the latter.—N. Y. Advertiser.

Made Another Mistake.

At the phrenologist's general invitation a big man with a smoothly-shaven face, pug nose and prominent chin stepped upon the stage and took his seat. The phrenologist felt his head carefully for awhile, and then said: "This subject shows a gentle and mild disposition, and has unusually well developed organs of benevolence and love for his fellow men. He is tender-hearted, and loves to relieve the sufferings of others. Now, sir, what is your profession?" The big man smiled, and said: "I am a nurse in a charity hospital, sir;" and the audience, which had opened its mouth to yell when the man acknowledged to being a prize fighter, coughed instead, and counted the lights in the chandelier in as absent-minded a way as possible.—Detroit Free Press.

Why He Couldn't.

"Why is it," they asked him, "that you have put your wedding day so far in the future?"

"That's easily explained," he answered. "When I started in to win her I had enough to get married on, but by the time I had won her I didn't. You see, it cost me so much to get her that I haven't enough left to care for her now that I've got her, and I've got to give myself time to accumulate a little something again."—Chicago Post.

Professional Etiquette.

"Did you see that Mrs. Goliath, the wife of the strong man, when walking with her husband last night, was knocked down and robbed of her purse?"

"Why didn't he help her?"

"Oh, his terms are $100 a night."—Trifles.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all the value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

A MOTHER OF METHODISM.

The Old Church at Burlingham, After Thorough Renovation, to Be Reopened Next Sunday.

Correspondence ARGUS and MERCURY.

The M. E. Church at Burlingham, the old mother of all the Methodist churches in this region, is to be reopened for the worship of God next Sunday afternoon, June 20, at 2:30 o'clock. For the past four weeks this church has been closed, in which time it has been given a very thorough renovating. A new belfry, a new bell, a new organ and a new front stoop have been added. The inside has been papered and painted in a very tasteful manner, while the outside has been treated to three coats of paint, something the old church has not had the appearance of knowing anything about for the last thirty-five years, and it now presents a very neat and attractive appearance.

The expense of the repairs, we understand, has been about $400 all told. About one-half of this amount has been provided by a small and weak, but enthusiastic congregation. Dr. Frank L. Wilson, of Middletown, and Rev. Andrew Schriver, our Presiding Elder, are expected to be present Sunday afternoon and the former has been invited to preach the reopening sermon. There are many who are in possible reach of this church and who for past reasons may feel a debt of gratitude to it that they would like to pay. All such, together with all others, are cordially invited to be present at this reopening service; and are also importuned to come prepared to help this struggling congregation to wipe out the remainder of this much needed expense, and enable them with none of this burden upon them, to carry forward the work of their Master.

MARY POWELL EXCURSION.

The Date is Thursday, June 17th.

The first Mary Powell excursion of the season will be run to New York by the King's Daughters on Thursday, June 17th, instead of Wednesday, June 16th, as previously stated. The rate for the round trip will be $1.25. Train leaves Wickham avenue depot, Middletown, at 6:45 a. m. and Main street two minutes later. Returning leaves Debrosses street, New York, at 3:15 p. m., West 22nd street 3:30 p. m. If weather should prove stormy the excursion will be run next day. Tickets may be secured in advance from members of the society. Trolley cars from Goshen will connect with excursion train in both directions. dtd

BULLVILLE.

Going to Ellenville—Interesting Children's Day Exercises—Other Notes.

Correspondence ARGUS and MERCURY.

—Our ball club will journey to Ellenville, Friday, to play the club of that village.

—The M. E. Church was crowded to the doors Sunday evening, when the Sunday School gave the Children's Day programme, "Our Young People's Republic." The school did better than ever. The church was decorated very prettily and seemed like a flower garden. The primary class first entertained the audience with their part of the programme, and their efforts were greatly appreciated by the large audience and too much praise cannot be given to their teacher and trainer, Miss Anna Unkenholz. The recitations by the older scholars could not have been beaten. Miss Schoonmaker took the part of Liberty and made things so plain to the audience that she, with all the rest of the scholars, should be given great credit and praise. The collection for the Children's Day fund which was taken at the close was a large one.

—Geo. W. Evans is having his house in the village improved with a new coat of paint.

A Freak of Nature—Graphaphone Concert—Few Boarders Yet—Other Notes

Correspondence ARGUS and MERCURY.

—V. H. Miller showed me a twig taken from an apple tree belonging to John G. Blake at High View that had on it an apple an inch in diameter and also a blossom at the same time.

—Don't forget the graphophone entertainment to be given at the chapel, this (Tuesday) evening, by Chas. Clapham. It will be worth hearing.

—Chas. Miller is adding a kitchen to his house.

—D. W. Bell has his house about completed.

—Very few summer boarders have made their appearance yet owing to the cold weather.

HOWELLS.

Strawberry and Ice Cream Festival—Personal Notes.

Dull Times for Wood Shippers—Good Crop Prospects—Close of school—Other Notes.

Correspondence ARGUS and MERCURY.

—The shipping of wood is very slow business, thus far, but we are in hopes that it may soon pick up, as it gives quite a number of men employment about here through the boating season. I see that Capt. Harry Moore is loading a cargo for Fulton & Holmes, of Wurtsboro, who are the largest wood dealers and shippers we have on this level. They have in the neighborhood of 8,000 cords of wood to dispose of this season, if they can get sale for it.

—Boating continues very dull.

—Miss Hattie Moore, who has been visiting her parents, returned to Otisville last week.

—Crops are looking better since the late rain. Hay will be a particularly fine crop.

—Messrs. Grimes and Murphy say that their Jerseys are a success and that they are very well pleased with them as buttermakers. By the way, Neighbor Jansen is bound not to be left behind, as he has purchased another fine Jersey and brought her home on his boat when he came here last week.

—Miss Daisy Jansen is making a trip to Honesdale with her father.

—Our school closes Friday of this week, and I suppose scholars and teacher will be glad, as they need a rest.

—Fred Jansen has put a pump in the old roadside well and all who are thirsty can take a good drink as they pass by.

—Geo. Stollberg and Lewis Gumaer, of Wurtsboro, were the guests of John Hosier, Sunday.

—L. H. Decker spent Sunday in Wurtsboro visiting friends.

—Geo. Hosier has a fine new rowboat on the canal. She is named the "White Lily."

—I learn from fishermen that quite a number of large carp have been seen lately among the bogs above the "Big Spring," but they defy capture, as none have been caught in some time in this section.

—Wm. E. Tucker has been reroofing and otherwise improving his large barn. Willis Donelly, of Spring Glen, was the carpenter employed to do the job. He is a first-class workman.

—We are pleased to report that most of the sick are improving.

—We will have to give Wm. Tucker the credit of having the finest garden we have seen around Haven this summer.

MT. SALEM.

Children's Day Exercises—Ice Cream and Strawberry Festival—A Horse Badly Cut.

Correspondence ARGUS and MERCURY.

—The Children's Day exercises which occurred, Sunday, passed off very nicely, the children all speaking their pieces well and reflecting great credit upon their instructor, Miss Florence Edwards. The church was packed with people and some could not get further that the hall. Extra seats had been provided but lots of people had to stand during the exercise. The children who took part were: Eber Crowell, Lena Carpenter, Eva and Grover Cleveland Dunn, Edith Dunn, Jessie Casterlin, Maud Wilcox, Luella Dunn, Lester Brink, Jessie Rogers, Florence Cortright, Eddie Crowell and Grace Cortright.

—The Young People's Society of the Mt. Salem Baptist Church will hold an ice cream and strawberry social at the home of Edward Stoll on Thursday evening of this week, June 17th. If stormy the next fair evening. A cordial invitation is extended to all.

—Moses Cole had one of his team of horses quite badly cut on its hind leg, near the fetlock joint, while plowing on the road, by a broken shovel that was carlessly thown down. The mishap will deprive him of the use of his horse for some time.

—Mr. and Mrs. P. Moore, of Greenville, spent Saturday and Sunday with Mr. and Mrs. Dora Myers, of Deckertown.

NEW HAMPTON.

Children's Day Exercises—Close of School—Reckless Driving—Personal and Local Notes.

Correspondence ARGUS AND MERCURY.

—Miss Ida Purdy has just recovered from a severe attack of tonsilitis.

—Mrs. J. C. Rumpf and children, of Brooklyn, are visiting her father, H. T. Stage.

—Station Agent McVeigh is visiting his old home at Weedsport, N. Y.

—Children's Day was observed in the Denton Church by a concert in the evening. The children and all who took part rendered their parts very creditably.

—The closing exercises of the Denton school will be held Thursday afternoon, June 17th, at two o'clock. The friends and patrons of the school are cordially invited to be present.

—Some reckless driving was done between this village and Middletown, Saturday night, two wagons at least having been run into and badly damaged. M. Doyle was one of the unfortunate ones.

—Miss Emma Knapp has just purchased a new Crescent bicycle.

GARDNERVILLE.

Strawberry and Ice Cream Festival.

Correspondence ARGUS and MERCURY.

—The ladies of the Gardnerville Sunday School will hold a strawberry and ice cream festival in the store room at Gardnerville, Thursday evening, June 17th. Come one, come all and have a good time.

CAUSE OF CHILD SUICIDES.

Some Late Cases Which Have Set Psychologists Thinking.

Psychologists are giving much heed to the child suicide. It is a subject that foretells much as to where the degenerative tendency so marked in these latter days is leading.

From all over the country, from time to time, reports come of children of tender years who, almost invariably through despondency, caused by illtreatment at home or by sime unkindness on the part of employers or playmates, have sought to put away their own little lives.

The imitative tendency in children is strongly brought out in these happenings. Suicides of children, if made public, generally bear fruit in the suicides of other children, or attempts thereat, within a shorter time than must be allowed to observe the same imitation working in the minds of adults.

Within 20 days lately St. Louis has had three cases of attempted suicide by children—all girls—and the efforts of self-destruction were so desperate that only the most skillful medical treatment prevented fatal results. The three children were all inmates of the city hospital, where they had been taken for treatment.

The only difference noticed between them and the other children was that they were all precocious. Questioning by the hospital physician brought out the fact that two of these children, being illiterate, had never read of suicide cases. The third, although she had received a good school education, sturdily maintained that in reading newspapers or books she had never seen an account of any person, and particularly of a child, who had attempted self-killing.

The Episcopal missionary who visits the hospital is George H. Holmes. He said: "I can find nothing to blame for the attempts of these children upon their lives, except the pace at which we are all living. It is end-of-the-century precocity. Children seem to grow old in a day; youths become men over night and girls turn to women as rapidly. Hardly have the little ones stopped romping in the games of childhood when they become tired of life and seek to end it. One never heard of such cases a hundred or even 20 years ago. Where it will all end the Lord only knows."

A writer in St. Louis who made a careful study of the cases, found that in all of them the views of life, hopes for the future and feeling as to the attitude of the rest of the world toward them were pitifully morbid, and their only notions of success or contentment in life were associated with some temporary enjoyment, they seemed not to care what, which should dull their realizing sense of the uselessness and unhappiness of living.—N. Y. Journal.

FOUR BOXES DID IT.

Remarkable Success of a New Pile Cure.

People who have suffered for years or months from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles, known under the name of Pyramid Pile Cure; nevertheless the extraordinary cures preformed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself:

Henry Thomas of sub-station No. 3, Hosack avenue, Columbus, Ohio, writes as follows:

Pyramid Drug Co:

GENTLEMEN—I want you use my name if it will be of any use to you. I was so bad with the piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told me he had something else that he thought was better, but I told him I wanted to try the Pyramid first.

The first box helped me so much that I tried another and then to complete the cure used two more boxes making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst form of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends and I am thankful to be able to write you what good the the remedy had done for me."

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine, or mineral poison of any kind and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 15 cents per package.

Write to Pyramid Drug Co., Albion, Mich., for little book on cause and cure of piles; sent by mail free.

TUESDAY, JUNE 15, 1897.

The Philadelphia *Times* tells the story clearly. "To print it Senate Sugar Schedule might be a typographical error, but it mightn't suggest much of a mistake other ways."

Mr. Bryan's refusal, during his visit to New York, to say or do anything that would complicate the local political situation does not meet with the approval of the enemies of Democracy. This of itself is proof conclusive that Mr. Bryan acted wisely and in the interest of Democratic unity which is necessary if the first mayor of Greater New York is to be a Democrat.

The disbandment of the Nineteenth Separate Company of Poughkeepsie has created a great deal of feeling in that city. Capt. Haubenestel declares that the action of the Adjutant General is due to the malign influence of his political enemies and some of the unwritten political history of Dutchess county is likely to become public. It would not be strange if Capt. Haubenestel's assertion in regard to political influence was true. Politics, and the very meanest kind of politics, seems to underlie nearly every official act of the Black administration.

PRISONERS AT THE BAR.

Jail Inmates Indicted by the Grand Jury Arraigned—Many Pleas of Guilty—Willmore's Plea of Guilty Not Accepted.

The prisoners indicted by the Grand Jury, who were in custody, were arraigned before Judge McLean, yesterday afternoon, and their cases disposed of as follows:

Louis Willmore, of Scranton, arrested at Middletown for the crime of sodomy. Willmore made a statement to the court in which he said he was drunk at the time he committed the crime and knew nothing about it. Under the circumstances he said he would plead guilty as he believed the evidence was against him. The court on his statement refused to accept the plea and entered one of not guilty.

Paul Schultz, of Newburgh, was sent to Sing Sing for three years. He pleaded guilty to grand larceny, second degree.

William Tremper of New Windsor, for a burglary at that place, pleaded guilty and was sent to the Elmira Reformatory.

Martin Kelly, of Newburgh, pleaded guilty to petit larceny, second offence and was remanded.

Hiram McConnell pleaded guilty and was sent to Sing Sing for three years for stealing a watch and chain at Cornwall.

Thomas Cleary and Frank Jones each received three years for the same crime, burglary second degree, committed at Newburgh.

Louis Cooley couldn't speak English and the District Attorney entered a plea of not guilty for him. He is charged with carrying a slung shot with intent to use it on an officer.

Harry Howell pleaded not guilty to forging a check on Ritchie & Hull, of Newburgh. Bail was fixed at $500.

THE ELLIS ISLAND FIRE.

No Lives Lost, But the Property Loss is $800,000 — Many Valuable Records Burned—How the Sick Were Saved.

BY ASSOCIATED PRESS.

NEW YORK, June 15—Ellis Island today is a mass of black and smouldering ruins. All the huge buildings, which since '95 have housed thousands of immigrants, were entirely destroyed in last night's conflagration, which constituted one of the most brilliant spectacles ever seen in New York harbor.

It threatened the lives of hundreds of immigrants on the island, but there was no loss of life, but the property loss is about $800,000. Hundreds of valuable records were destroyed.

How the immigrants were all saved is a wonder. Many rushed back into the flames to recover trinkets. One party of fifteen Italians were thought for a time to have perished, but they were found later huddled together at the far end of the island.

The greatest wonder is that the hospital patients were all got out. The doctors and nurses were cool and collected, and carried the sick out on stretchers, and placed them where the heat could not scorch them.

The buildings entirely destroyed were the main building, detention pen, restaurant, morgue, record building, store house and disinfecting plant.

F. J. Scully, who has the money exchange privilege on the island, says he lost $10,000 in currency.

Commissioner Quinlan from an investigation made, to-day, believes the fire originated in the statistician's department from defective electric light wires.

THE HAWAIIAN TREATY.

Will Be Sent to the Senate, To-morrow, Unless Plans are Changed.

BY ASSOCIATED PRESS.

WASHINGTON, June 15.—The treaty for the annexation of the Hawaiian Islands to the United States will be sent to the Senate by President McKinley, to-morrow, according to present plans. Men close to the administration and others who are engaged in pushing through the tariff bill have been informed that the treaty will be transmitted to the Senate, to-morrow.

It is stated that the Hawaiian reciprocacy provision in the tariff bill will not be considered till the treaty is received.

RELYING ON A TECHNICAL DEFENSE

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Good Blood

Is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,

Sprague—Tuthill.

Correspondence ARGUS AND MERCURY.

On Thursday, June 10th, at 3:30 p. m., Miss Carrie M. Tuthill, of Unionville, was united in marriage to David Henderson Sprague, M. D., of Central Valley. The ceremony was performed at the home of the bride's father, Charles H. Tuthill, by the Rev. W. M. Yeomans, the bride's pastor. Those who witnessed the ceremony were Charles H. Tuthill, Miss Kate Tuthill, Jesse Tuthill, Miss Cora E. Ketcham, of Unionville; Mr. and Mrs. Henry I. Tuthill, Mrs. Frank Pierson, of New York; Mr. and Mrs. Gross, Miss Hall, of Central Valley; Mr. and Mrs. G. H Seaman, of Staten Island; Mrs. Levi Aldrich, of Johnson.

Dr and Mrs. Sprague left on the afternoon train for an extended tour. Upon their return they will make their home at Central Valley, where the doctor has built up quite a large practice.

A STRANGE OUTFIT.

A Coffin, Trunk, Tool Chest and Bicycle All in the Same Wagon.

A very strange outfit passed through North street, Sunday. It was a one-horse wagon, containing a coffin, a trunk, a carpenter's tool chest and a bicycle. The coffin was in the bottom of the wagon, and on it the driver, a Rip Van Winkle sort of a fellow, sat, while on the coffin behind him were piled the trunk and tool chest, with the wheel on top of all.

Removed to Boston.

Charles Cooper, who was formerly engaged in the confectionery business here, and who has been since March 1st employed as foreman in the large confectionery factory of Davis & Son, Boston, Mass., arrived here last week, and on Friday left here with his wife, who is a daughter of Capt. W. V. Luckey, of Knapp avenue, for Boston, where they will take up their residence.

Sale of the Halstead Farm at Mount Hope.

The Halstead farm of 113 acres, near the village o Mount Hope, was sold at auction by John L. Wiggins, at the Holding House, this afternoon, to close the estate of Oscar Halstead. The property was purchased by Darwin A. Lamson, whose residence it adjoins, for $525, subject to a mortgage of $1,750.

Busy Times on the Erie.

The Erie is doing a very heavy freight business, just now. Over 1,000 cars were sent out of Port Jervis, Sunday. There are over 1,000 loaded cars standing in the Bergen and Jersey City yards, and nearly the same number in the Port Jervis yard.

Before the Recorder.

A young man, arrested several days ago charged with having had in his possession a watch belonging to Alexander Quinn, of Westtown, was given a hearing, this afternoon, before Recorder Barnes. He was discharged.

Bicycle riders, football players and athletes generally, find a sovereign remedy for the sprains and bruises and cuts to which they are constantly liable, in Dr. Thomas' Eclectric Oil.

DR. GEORGE ALLEN REMOVED.

Superintendent of Collins State Hospital Ousted by the Board of Managers.

A despatch to the New York *Herald* from Buffalo says: "Dr. George Allen, superintendent of the new Collins State Homœopathic Hospital, has been removed by the Board of Managers. The removal of the superintendent is the result of trouble over a question as to an appointment. A committee of the Board of Managers will present a report on the subject to the authorities at Albany, Tuesday.

"Beyond confirming the fact of the removal the local members of the Board will give no details of the report. The hospital, which is situated in Collins, Erie county, was to have been opened to receive patients, Tuesday."

Inquiry at the State Hospital in this city elicits no additional information, for although Dr. Talcott has received a letter from Dr. Allen, it gave no details of his difference with the Board of Managers.

Dr. Allen's appointment as superintendent of the Collins Hospital dates from May 1st, but it was not until May 20th that he went to Collins and took charge of the work of preparing the hospital for the reception of patients.

Dr. Allen, during the many years of his connection with the Middletown Hospital, won the good opinion of all with whom he came in contact. He was faithful in the discharge of duty, a close student, keeping in the fore front of medical progress, and, more than this, he was at all times a high-minded, honorable gentleman, above all pettiness and meanness. Those who know him best and most intimately feel confident that the trouble that has arisen between him and the Collins Hospital managers is the result of some unfortunate misunderstanding, and feel hopeful that it may be satisfactorily adjusted.

Dr. Allen secured the appointment as superintendent at Collins Farm after a competitive examination, in which he demonstrated his superior fitness for the place, and it would be most unfortunate if the State should lose his valuable experience and knowledge in organizing and administering the affairs of this new hospital.

OBITUARY.

Carrie Price Mackenroth.

Mrs. Carrie Price Mackenroth died at Phillipsburgh, Monday night, aged thirty-one years, from a complication of diseases following an attack of measles. She is survived by her husband and one son, aged three years.

Mrs. Mackenroth was a daughter of John and Phœbe Price, and was born at Stony Ford.

Mrs. Samuel Gass, of this city, is a sister of the deceased.

Minnie Etta Fullerton.

Minnie Etta, daughter of Benjamin S. and Ida G. Fullerton, who died, yesterday, at her home, 19 Sproat street, is survived by her parents and five brothers, Frank, of Newburgh, John, Willie, Abraham and Samuel at home, and by five sisters, Mrs. G. W Cooley, of New York, Martha, Lizzie, Lulu and Sadie at home.

Miss Fullerton had lately been employed in the family of Mayor Berry and was well liked by all who knew her.

The funeral notice appears elsewhere.

Anna Eliza Brown.

Mrs. Anna Eliza Brown, wife of Wm. J. Brown, died at her home near Phillipsburgh, this morning. Her death was not unexpected for her health failed two years ago and for the past year she was an invalid.

Mrs. Brown was a daughter of Lewis and Sarah (Nanny) Howell and was born near Unionville. She was married Oct. 5, 1852, and lived in this vicinity for about forty years. She is survived by her husband and two daughters, Ophelia R. and O. Isabella, at home; also by a brother, Daniel N. Howell, who lives in Wisconsin, and two sisters,—Mrs. E. C. Meeker and Mrs. S. J. Boyd, of Eldora, Ia. A son, Ira M., died in February, 1888, aged twenty-seven years.

The funeral notice appears elsewhere.

Life Insurance Paid.

The State Mutual Life Assurance Company, of Worcester, Mass., through Ira L. Case, its local agent, has paid Mrs. James H. Wallace, of Pine Bush, $1,001.40 in settlement of a $1,000 policy issued on the life of her late husband. The $1.40 is the dividend accrued since the payment of the last annual premium. Considerable delay in making proof of claim was occasioned by the necessity of sending papers fo Los Vegas, New Mexico, for the certificate of the physician who attended Mr. Wallace after his arrival at that place.

OPENING OF THE BASS SEASON

Scores of Middletown Fishermen Trying Their Luck Along the Wallkill—All Night Enthusiasts Heard From.

The black bass season opened, to-day, and scores of Middletown fishermen are trying their luck along the Wallkill. Most of them went down on the electric road and from Midway found their way up and down the stream. A few went down to Stony Ford on the O. and W.'s morning train, while others drove to favorite points along the stream.

A gentleman who crossed the bridge at Phillipsburgh, early this morning, says that there were so many fishermen in and along the stream that if each gets a bass it will end the season's fishing, for a seine couldn't clean the stream of bass more effectually than the multitude of hooks that are in use.

A large party, all of them suffering from the bass fever in its most aggravated form, went to Bauer's Hotel at Phillipsburgh, last night, in order to begin fishing at "sun up," when there is a tradition that bass are in the habit of breakfasting. Most of them expected to return to business before 9 o'clock, but this was a rainbow chaser's dream. With scarcely an exception they sent word back to town that they had concluded to make a day of it, averring that luck was so good that it would be a crime to leave the fish while they were in such a biting mood.

The fishermen who came straggling back, this afternoon, belied the glowing tales of good luck sent back by the enthusiasts in the early morning. One very expert angler, who is past master of the art of charming fish into his basket if there are any fish to charm, came back shortly after noon and owned up that all he got was two bass, a bad case of sun burn and two little sunfish. He also said that very few bass had been taken but that the enthusiasts were hoping for better luck toward sundown.

Another fishermen, who sneaked back to town about 3 o'clock, had had a little better luck, for although he had but one fish,—a wretched little bullhead, he had had beers galore.

Charles Predmore caught two large bass in Highland Lake, this morning. He seems to have broken the record.

SPENT A PLEASANT EVENING.

Y. P. S. C. E. of First Congregational Church Met at Miss Tyndall's.

The members of the Y. P. S. C. E. of the First Congregational Church spent a very pleasant evening, last night, at the home of Miss Lillian Tyndall, 41 John street.

At the regular business meeting, held at 8 o'clock, reports were made by the several committees and three new members were elected to associate membership. Forty dollars, which was the amount realized at the entertainment for the Convalescent Home, a few weeks ago, was ordered paid to that association's treasurer and other routine business was transacted, after which the social part of the evening was thoroughly enjoyed by all present.

A pleasing programme had been arranged as follows:

Song	Members of the Society
Reading	Miss Louise Miller
Banjo Selection	Miss Mamie Jones
Reading	Miss Helen Horton
Reading	Miss Annie Miller
Whistling solo	Miss Mamie Jones
Reading	Miss Libbie Carpenter
Reading	Rev. Wm. A. Robinson, D. D
Song	By Society
Reading	H. W Tuthill

Supper was then announced and proved to be one of the finest ever partaken of by the society. All regretted when the hour came to leave as an evening so pleasantly spent seldom falls to the lot of any one.

FAILED TO FIX RESPONSIBILITY

Little Learned at the Inquest in the Case of Melissa Fort.

The inquest in the case of Melissa Fort the sixteen-year-old Wurtsboro girl who died under circumstances which indicated that she had been the victim of criminal malpractice, failed to disclose who was responsible for her death. A number of witnesses were examined, but their testimony was vague and inconclusive and the jury rendered a verdict of death by abortion at the hands of some person unknown.

Crushed to Death in the Port Jervis Yard.

Hugh J. Creighton, fireman on an Otisville pusher, was crushed to death in the Port Jervis yard, Saturday. His engine was taking coal at the pockets when another engine ran into it, pinning Creighton between the heavy coal shute and the cab. A steam-pipe was broken by the collision and he was scalded by escaping steam. Death was almost instantaneous.

INCIDENTS AND HAPPENINGS IN GOSHEN.

The Man Who Got Away With Mr. Gross' Groceries—Shakespearian Reading—A Marriage.

From Our Regular Correspondent.

—Gustav Gross, who was victimized, Saturday, by a man who obtained some groceries from him and failed to pay for them, describes the man as follows: He was short and rather slightly built, red-haired and smoothly shaven, good looking, well dressed, in dark clothes and fluently talkative. He drove a bay mare to a top buggy with red trimmings, and was accompanied by a good looking young woman. Mr. Gross chased him with his delivery horse and heavy truck into Middletown. He lost him, however, in Ridge street, arriving about four minutes too late. Perhaps Middletowners may recognize him.

—Mrs. Wm. M. Sayer has been quite ill for several days at her residence on Greenwich street.

—Marshall Darrach's Shakespearian recital, "Twelith Night," will be given, to-night, in the Presbyterian Church chapel.

W. D. Van Vliet has been laid up for a week with rheumatism.

—Edward W. Mapes and Miss Georgianna Lamoreaux, both of Monroe, were married, Sunday, in this village, by Rev. R. B. Clark.

GRANT B. TAYLOR INDICTED ON THREE COUNTS.

For Forgery in the First and Second Degrees and Grand Larceny in the First Degree—A Commission in Lunacy to Inquire Into His Mental Condition

The Grand Jury, Monday, found three indictments against Grant B. Taylor; one for forgery in the first degree for forging the name of Charles Curie to the bond and mortgage given Mrs. McClung; one for grand larceny in the second degree in obtaining $6,000 from Mr. McClung by false and fraudulent representations; one for forgery in the second degree in forging the name of Charles Curie on the draft for $6,000 drawn by the Columbus Trust Co., of Newburgh, on the Chase National Bank, of New York, which Taylor deposited to his own credit in the Nassau Bank, of New York.

Taylor was arraigned on the indictments, and through his counsel, Stephen H. Mould, of Newburgh, pleaded not guilty to them all.

On motion of Mr Mould, Judge McLean appointed a commission, of which ex-Judge C. F. Brown, of Newburgh, and Dr B. Pill-bury, of this city, are members, to examine into Mr. Taylor's mental condition.

Bail was reduced to $6,000.

Goshen Again a Second Class Post Office.

The Goshen post office, which about a ar ago was reduced from the second to the third class, has been restored to the second class, the business of the office having shown an increase sufficient to place it in the higher class.

Wise Men Know

It is folly to build upon a poor foundation, either in architecture or in health. A foundation of sand is insecure and to deaden symptoms by narcotics or nerve compounds is equally dangerous and deceptive. The true way to build up health is to make your blood pure, rich and nourishing by taking Hood's Sarsaparilla.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

FAVORABLE TO HEALTH.

Athletic Sports Indulged In to a Reasonable Extent.

Many of the athletic sports, if pursued for sport or as a recreation, are valuable remedial helps and aid toward physical improvement, says the North American Review. Unfortunately, the spirit of emulation in athletics, which in some communities has grown into intense rivalry, is likely to lead to excesses in training and practice for contests, which unless checked and brought down to a rational basis may do more harm than good. Many young men seem to think that because the practice of athletics is favorable to health the more they can get of this practice the better. This is an erroneous impression, for it is as possible to overwork in athletics as it is in business and a great many young people do themselves injury by their excessive zeal in the practice of competitive exercise.

In this line of physical activity, as in any other, there is a limit to human capability and it is possible to develop the muscular and nervous systems to the detriment of the heart and lungs or of the digestive system. But the conditions under which athletics are usually practiced are so favorable to the maintenance of health and vigor that few persons who were sound at the time of commencing their athletic efforts have injured themselves by the practice of these vigorous exercises. It is true that a certain number of young men who were distinguished for their supremacy in certain athletic events have died young. But the number of young men who are now practicing athletic exercises in this country and appearing in public contests is very large, as many as 600 or 700 entries being recorded in some of the great city meetings.

ESSAY OF AN INDIAN BOY.

Original Ideas Advanced by an Intelligent Savage of Tender Years.

There is nothing more original than the early composition of an Indian boy. The following example is still preserved as an instance in which its savage author epitomized in unconscious parable and with excellent humor the relations of the red man and his white brother, says the New York Mail and Express. It is entitled: "Story of Good Bird and Bad Cat." The essay follows:

"One day, bright day, a little bird happy and stood on a log and sang all day long. That bird doesn't know anything about cat. She thinks nobody is near to her. But behind the near log old sly cat is watching. She want to eat for supper, and she thinks about stealing all the time. The old cat came very slowly, and by and by she go after the little bird, but she does not see him and sang loud again. She sang loud like this: 'I am always try to do what is right; wen I ever die I go to Heaven.' That bird said these all words, and I shall not forget the little bird what it said, and these all words it said and after two or three minutes go died; the cat jumped and catch and kill, eat all up except little things from bird, wings, legs or skin, and that bird is glad die because she is very good bird. The little bird has last time sang and very happy was the little bird after that. I think the old cat have good dinner and happy just the same as the bird was at first time."

CHAIN OF HUMAN BONES.

Made in Libby Prison by a Member of a New York Regiment.

Cyrus O. Thornton, a farmer living a few miles out of Bolivar, Mass., has an odd watch chain. It is made of human bones. The chain consists of eight links, each a trifle more than an inch long, connected with plated rings. The chain is about ten inches long and has been highly polished by years of wear and glistens like ivory, says the Fall River News.

Thornton secured the chain at Petersburg, Va., in 1864. He was a member of company E, Fiftieth New York engineers. A member of the Twenty-first New York infantry made two chains while confined in Libby prison, and on his release met Thornton and sold him one chain for $50 in greenbacks. Thornton has forgotten the maker's name. The bones were taken from amputated arms and legs, and it required 18 months' time to carve out the chains. For many years after he came home from the war Thornton wore the chain every day, but for several years he has worn it only on Memorial day and at grand army reunions. Some of his neighbors laughed at the idea of the bones being taken from human bodies, and he sent the chain to a surgeon, who examined it and pronounced it to be of human bones.

No Lavatory for Leedy.

It is a statehouse story at Topeka that Gov. Leedy, who, when he came into office last January, declared that he would not use the porcelain bathtub which he inherited from his republican predecessor, now refuses to use the porcelain lavatory. It is equipped with a supply appliance, which the governor has not been able to "get the hang of," and one day when he was unable to shut it off the water overflowed and deluged the floor. Gov. Leed's private secretary rescued his chief, and as the latter emerged from the bathroom drying his hands and face, he decided that a requisition be made for a tin wash bowl. "I am used to a tin bowl," he said. "It will not run over and drown me every time I want to wash my face." The bowl was bought, and to-day it adorns a soap box in the bathroom.

A Dictionary Index.

A man from Canada called at a drug and book store in Richford, Vt., the other day and inquired if the dealer had any indexes for Webster's unabridged dictionary. His wife, he said, gave him one for a Christmas present, but it was tarnal slow work hunting up words, and he thought if he could get an index it would help him.

The coming of a baby into this world is the crowning event of a woman's life. But this great blessing is beset with trials and dangers. Sometimes they seem so heavy as to over-balance the blessing; this is not right nor natural.

Two-thirds of the anxiety and suffering which usually attends the advent of the little stranger may be altogether avoided if the prospective mother will fortify her constitution and strengthen the maternal organism with Dr. Pierce's Favorite Prescription. It gives health and special elasticity; purifies the blood; tones the nerve-centres and invigorates both body and mind.

Taken early during gestation, it renders the mother strong and cheerful; carries her through her time of trial with perfect safety and little pain; insures healthy nourishment and increased constitutional vitality for the child. It is the only preparation devised by a regularly graduated, experienced physician for the cure of all weaknesses and diseases of the feminine organism.

Mrs. F. B. Cannings, of No. 4320 Humphery St., St. Louis, Mo., writes: "I am now the happy mother of a fine healthy baby girl. I feel that your 'Favorite Prescription' has done me more good than anything I have ever taken. I took three bottles of the 'Prescription' and the consequences were I was only in labor forty-five minutes. With my first baby I suffered eighteen hours and then had to lose him. He was very delicate and only lived twelve hours. For two years I suffered untold agony, and in the meantime had two miscarriages. I cannot speak too highly for your medicine, as I feel that it has saved both my child and myself. I took it through my confinement. Find it very strengthening to myself and to the baby."

GUIDES SHIP AT WILL.

Prof. Barnard Claims Success for His Flying Machine.

Declares That His Second Trip Proves That His Airship Answers the Helm and Will Travel Against the Wind.

The airship or dirigible balloon has achieved another successful flight, this time in connection with the Centennial exhibition at Nashville, Tenn. Prof. N. W. Barnard, director of physical training of the Young Men's Christian association, Nashville, has been engaged for some time in the construction of an airship which depends for its buoyancy upon a gas-inflated balloon and is driven by a single propeller. The balloon is approximately egg-shaped in form, measuring 20 feet in diameter and 46 feet in length, and moves in the direction of its longer axis. The usual basket attachment is replaced by a light framework in which the operator sits and controls the mechanism. This consists of a driving axle and pedals which are geared to a propeller shaft that extends 20 feet in front of the machine and carries a propeller of very light construction. On each side of the body of the ship is arranged a kite-shaped sail about two feet wide by three long, and these are controllable by means of levers placed conveniently to the operator. The ship was started a little before noon and rose to an estimated altitude of about half a mile and moved rapidly to the westward. The descent was made about 12 miles from the exposition grounds, and Prof. Barnard, who returned the same night to the city, expressed himself as well satisfied with the success of the trial trip. He said:

"When all was in readiness and after the weights had been adjusted and two or three test attempts had been made, I went up successfully. It had been previously arranged that this time, instead of going west, I should confine myself to going out over the exposition grounds and vicinity, turning the ship about right and left while over the grounds as much as practicable, all of which I accomplished. The wind was blowing toward the northeast when I left the grounds. In experimenting in

PROF. N. W. BARNARD.
(Inventor of the Nashville Airship.)

the air I cut somewhat obliquely across the wind, going directly east. I sometimes veered north and south, but found it was impracticable to keep this up for any considerable length of time, as it required too much muscular effort to continue the work.

"While passing over the city, at an altitude of somewhat over a mile, I should judge, as I kept lower down than on my first trip, according to agreement, I could hear the excited cries of people in different directions. Just after passing over East Nashville I turned the head of the machine in the exact line of the wind, endeavoring to make as much speed in this direction as possible, hoping to land in a favorable locality before darkness overtook me, which I succeeded in doing. I landed in the center of a wheat field, the exact location attempted, on the farm of Mr. Hudson, at Keno post office, four miles from Madison station and twelve miles from Nashville.

"I covered the 12 miles in 30 minutes as the first few miles over the city were retarded as much as possible. I turned the airship around as I passed over Nashville, and the last eight miles must have been covered at a swift speed, the ship going much faster than the wind alone could possibly have carried it.

"After getting the ship packed up and spending several hours very pleasantly at Mr. Hudson's residence, I sent for an expressman, and, loading the ship on the wagon, I proceeded to the city, reaching home at one o'clock in the morning.

"No mishap of any kind occurred during my trip in the air. I find that I can manipulate the machine right or left, even in a light wind. This is certain. I cannot go directly against a wind of eight miles an hour with muscular power as at present arranged, but by cutting across obliquely and tacking I can make progress in the direction desired. In going directly against the wind at eight miles an hour I can hold my own, and by extra effort for a short distance can make slow progress, the muscular effort being too severe to be continued long in efforts to do this. When going with the wind I must have made in some instances a mile in two minutes."

Speed of Corked Bottles.

Numbers of experiments have been made to test the speed and destination of corked bottles thrown into the sea at various portions of the world. The most remarkable example ever heard of was that in which a bottle traveled 6,000 miles in about two years and a half, roughly at the rate of 6½ miles a day. It traveled from 63 degrees south latitude and 60 degrees west longitude to western Australia.

AT a Special Term of the Supreme Court of the State of New York, held at the Supreme Chambers, in the city of Newburgh, Orange county, N. Y., on the 3d day of April, 1897.

Present: Hon. Michael H. Hirschberg, Justice.

In the matter of the application for a voluntary dissolution of The Middletown Casino Theatre Company, of Middletown, N. Y.

On reading and filing the petition of Edward A. Brown, William D. Stratton, Horace W. Corey and Isaac F. VanDuzer, as the Trustees and Directors of the Middletown Casino Theatre Company of Middletown, N. Y. (a corporation duly created under the laws of the State of New York, having its principal office in the city of Middletown, N. Y.), and the schedule thereto annexed, duly verified by the said petitioners on the 1st day of March, 1897, and now on motion of Daniel Finn, of counsel for the petitioners,

It is ordered that all persons interested in the said corporation show cause before this Court, before William F. O'Neill, Esq., who is hereby appointed Referee for that purpose, at his office, No 75 North street, in the city of Middletown, Orange county, N. Y., on the 13th day of July 1897, at ten o'clock in the forenoon of that day, why said corporation should not be dissolved, and why the prayer of the said petitioner should not be granted,

And it is further ordered that the said Referee proceed in accordance with the law and practice of this Court, and that he report thereon with all convenient speed.

And it is further ordered that this order be published once in each week for the three weeks immediately preceding the time herein fixed to show cause in the Middletown Daily Press and the MIDDLETOWN DAILY ARGUS, newspapers published in the city of Middletown, Orange county, N. Y., where the principal office of the said corporation is located, and also in the Albany Argus a newspaper published in the city of Albany, New York.

And it is further ordered that a copy of this order be served upon each of the persons specified in the schedule annexed to the said petition as a creditor or stockholder of said corporation, or as a person to whom an engagement of said corporation is to be performed, other than those persons therein specified, whose residence is stated to be unknown, or to be without the United States; such service to be made either personally at least twenty days before the time appointed for the hearing as above set forth, or by depositing a copy of this order at least forty days before the time so appointed in the postoffice at Middletown, N. Y., enclosed in post-paid wrapper, addressed to the person to be served, at his residence, as stated in said schedule.

A Headquarters Nightmare.

"Things seldom turn out as we expect," remarked Mr. Harkins, thoughtfully. "When I first went to the city I made up my mind that I would live in a suburb and lead a double life."

"Sir!" exclaimed the lady to whom he was talking.

"I merely meant that I would have two suits of clothes. I would be a swell in the city and a farmer in the village."

"And didn't this plan work?"

"Not the way I expected it to. It wasn't six weeks before I acquired the firm impression that I was a farmer in the city and a swell in the country."—Washington Star.

False Alarm.

Wife (time, midnight)—Hark! Husband! Wake up! I hear the rustling of silk and the clank of chains.

Husband—You do? Horrors! Then the reports are true. I was told this house was haunted

Wife (much relieved)—Oh, is that all? I was afraid Fido had broken loose and was tearing my new ball dress.—N. Y. Weekly.

In Memoriam

"It is unnecessary for me to dwell longer on the many virtues of the deceased," said Rev. Dr. De Biker, at the close of the solemn services. "You all know the splendid account he has rendered of his stewardship, and he always rode his wheel on the right-hand side of the street."—Chicago Journal.

Unanticipated Pleasure.

She—Now, dearest, you know that when we are married you have promised to go right to housekeeping

He (doubtfully)—But, my angel, you cannot cook at all

She (brightly)—That's all right, love; but mother can.—Boston Herald.

Important Investigation.

Miss Kittish—I'd like to get a picture of Charlie made with that remarkable new light.

Miss Gaskett—What for?

Miss Kittish—I want to know if he really has any sand in him.—Philadelphia Press.

Expensive Headgear.

Father (examining his son's expense account at college)—Young man, what do you mean by charging up half a dozen bottles of whisky to "wearing apparel" during last term?

Son—Oh, that's all right. I used the stuff for night caps.—Brooklyn Life.

Idiotic.

Jinks—The idea of asking me what I'd do if I were rich! The question is simply idiotic!

Filkins—Why so?

Jinks—Because anyone in his right mind would know that I would do nothing!—Brooklyn Life.

Not in a Confessional.

Dignified Mamma—When that young man left you last night, I heard something which sounded like a kiss.

Dignified Daughter—Did you? How does a kiss sound, mamma!—N. Y. Weekly.

Anticipated.

He—I know it's sudden, but I love you. Your father will never give his consent to our marriage, and so we must elope. Can you get your trunk packed in time to start to-morrow night?

She—It's packed now.—Town Topics.

Her Complexion.

She held "the mirror up to nature"
And then began to pout,
So with her biggest powder puff
She blotted nature out.
—Pittsburgh News.

HER PRUDENCE.

He—You insist on my getting my life insured before we are engaged?

She—Yes—even before you ask papa.—Harlem Life.

Saddest Words.

The saddest words of tongue or pen
To me are not "It might have been."
The words that most my heart can shock
Are these: "Get up; it's six o'clock."
—N. Y. World.

Elucidation.

"Pa, what does Prof. Drummond mean when he says: 'Hold things in their proportion?'"

"He means, my boy, when you pay for a dollar table d'hote, don't fill up on soup."—N. Y. Truth.

An Increase.

Tom—Cheatem has added a new electric battery to the improvements in his big store.

Dick—I thought his customers were already charged enough.—Up-to-Date.

The Proper Treatment.

Sarepta—What would you do if a young man called on you and turned the light up after you had turned it down?

Marie—I should turn him down.—Up-to-Date.

Dangerous.

Mistress—Why did you permit that policeman to kiss you, Bridget?

Bridget—Sure, mum, an' I couldn't be afther resistin' an' officer.—N. Y. Journal.

Hard on the Girl.

"I met that girl face to face last night," said Cholly.

"How did she stand the shock?" asked De Gruffe.—Tit-Bits.

Notice to England.

Since arbitration is not to prevail
And the treaty has died unborn,
We'll just keep on twisting your lion's tail
And we'll tramp on your unicorn.

THE COMMON COUNCIL.

LAST NIGHT'S REGULAR MEETING AN EXTRA LONG ONE.

Reading of the Minutes of Previous Meetings Took Nearly an Hour—Huckster Jacobs' Address—The Powers Decree That the City Shall Buy Material and Lay Paving Itself—Street Committee to Locate the Crusher—Linden Avenue Again—Proposition from the Traction Company in Regard to Power for Crusher—A Crosswalk Resolution Disapproved—Much Other Business.

The regular monthly meeting of the Common Council was held Tuesday night, attended by President Mance, Aldermen Allen, Ayers, Bastian, Crans, Ogden, Hirst, Tierney and Memory.

The reading of the minutes of the last three meetings lasted from 8:05 to 8:50.

Mr. Jacobs presented a petition against the proposed ordinance to license hucksters and venders. He made a long address in which he declared that some grocers weren't making as many quarts of berries out of a crate as they were before they had to meet the competition of peddlers. He said they could not pay the license proposed. He sneered at men who come here, buy a $75 lot and want to run the town.

Mr. Memory, who for some reason seemed to think Mr. Jacobs was "alludin' at" him, declared the remarks unwarranted and uncalled for.

A petition for a grade on Monhagen avenue, was received and filed.

A petition to have the surface sewer opened on Smith street, about 200 feet toward the lands of R. O. Lewis, was received.

A complaint was received of the surface water and sewer drainage now being uncared for on the lower part of Lake avenue.

The Street Commissioner was authorized to take care of the surface water at Montgomery street and Railroad avenue and at West Main and Hanford streets.

On motion of Mr. Crans the sidewalks on Ogden street, Lake avenue, between Olive street and Summit avenue, and Chestnut street were ordered brought to grade in fifteen days.

NEW DEPARTURE IN STREET PAVING.

Mr. Memory brought up the paving matter. He moved that after advertising for bids for material for paving King, Centre and Depot streets, the city buy the material and proceed to do the work with its own labor. There was a long argument joined in by Mr. Memory, Mr. Mance, Mr. Memory, Mr. Allen, Mr. Memory, Mr. Ogden, Mr. Memory, Mr. Hirst and Mr. Memory.

The resolution was finally put and Messrs. Memory, Crans, Bastian, Ogden and Ayres, constituting "the powers," voted aye, carrying it over the minority.

Mr. Hirst asked that work be done in the gutters at Sprague avenue, between Houston avenue and Grant street. It was referred to the Street Commissioner.

PRINTING THE CHARTER.

Alderman Memory moved that 300 copies of the city charter be printed. Mr. Hirst amended that it be referred to a committee to see what the probable cost would be.

The amendment was carried, all voting aye. Messrs. Hirst, Ogden and Bastian were named as committee.

Mr. Memory moved that East avenue's curbing and sidewalks be reset and relaid preparatory to street work to be done there from East Main to Fulton streets. It was carried.

LOCATING THE CRUSHER.

Mr. Allen moved that a committee be appointed to confer with property owners with the view of placing a crusher on Linden avenue to crush the ledge of rocks there.

Mr. Ogden suggested that the city owned a lot near Pilgrim's corners and it should be placed there. Mr. Hirst thought the matter of power should be considered before the location was decided upon.

Mr. Memory amended that a committee be appointed to recommend a location for the crusher. The amendment was carried. The Street committee was named to that purpose.

CROSS WALKS TO BE LAID AND REPAIRED.

A cross walk was ordered on Boston avenue in front of J. J. Hayler's home.

Mr. Memory moved that the cross walk be laid on the western side of East Main street at Railroad avenue. Carried.

Mr. Hirst moved that a cross walk be opened on Mail street between West Main and Fulton. Carried.

LINDEN AVENUE AGAIN.

A communication was received from A. Ketchum, saying that the grade on Linden avenue by his property had been filled in such shape as to damage the lots along there, and he asked the city to fill in the walk to grade.

Mr. Memory stated that the city had filled Mr. Bennett's walk to prevent a suit, and to secure his release and the others were now trying to demand the same thing. He was opposed to taxing the people to make a Linden avenue lot as good as those on better laid out ground.

Mr. Mance said that he would go on record as favoring all the owners if Mr. Bennett was to be assisted by the city. There was a sharp skirmish between Mr. Mance and Mr. Memory, and things had a warlike look for a few moments, but the Alderman from the Fourth held off until the "powers" acted on his resolution to lay the communication on the table indefinitely. It was carried, Messrs. Mance, Allen and Tierney voting "no."

A communication to the Mayor from Superintendent Urbin, of the Traction Company, regarding electric power for the stone crusher, was referred to a committee composed of Aldermen Ogden, Bastian, Ayres and the Mayor. They will report at the next meeting.

Superintendent Urbin's offer was as follows: To furnish, for $5 per working day of ten hours, one 25 horse-power electric motor, including controller, one starting resistance, one fuse box, one main switch, 250 feet of No. 6 insulated copper wire, and one pole. If the city prefers to purchase the above articles they will be furnished for $380, and electric power will be provided at the rate of $4 per day. The Traction Company will haul crushed stone for eighteen cents per cubic yard. All earnings of the Traction Company in these connections to apply on paving contract.

A communication to the Health Board from Alice L. Hunter, of Lake avenue, regarding defective drain, had been referred to the Council. Sewer Committee given power to act in the matter.

Decision of City Attorney regarding improvements on East Broadway was read and placed on file. Also, contract just executed with the Climax Road Machine Co. for stone crusher. The contract will be considered by the committee at a special meeting on Monday evening next.

ACTION OF FIRE COMPANIES.

The following statements from fire companies were received and filed:

Phœnix Engine Co.—At May meeting John Walling was dropped from the roll for non-payment of dues. At April meeting A. B. Carpenter and M. Jordan were transferred from the honorary to active list.

McQuoid Engine Co.—Thomas Stack transferred from active roll to active honorary. Dr. Gillson resigned from active roll.

Waalkill Engine Co.—W. L. Boice elected representative in place of R. R. Williams, resigned. V. C. Harding elected trustee in place of Paul Purps.

Ontario Hose Co.—Sept. 5th, 1892, Walter Funnell was elected to membership, but his name was never reported to the Council. A request that time be allowed him from that date was granted.

Regular annual report of Chief Thorpe, of the city fire department, was received and placed on file.

A report from Police Captain Veber was read and filed.

ALL BUT ONE APPROVED.

A large number of resolutions, passed by the Council, were returned by the Mayor with his approval. He disapproved of the resolution ordering crosswalk near Blye Park. He does not think one essential at that point.

A matter regarding an old surface sewer on east side of Smith street was referred to the Board of Health.

ARC LIGHT FOR NORTH STREET.

A petition having been made by the residents of North street, between Cortland street and Wickham avenue, for additional electric light, the matter was considered at considerable length. The residents of the section favored an arc light, but several of the aldermen thought a few incandescent lights would be better. John Ferguson strongly urged that an arc light be placed and a resolution to that effect was finally carried.

President Mance reminded the Council that the city's contract with the electric light company expires on the 30th of this month.

Alderman Ogden, of the Law Committee, reported in favor of compelling hucksters and others to pay a license. He recommended that an annual fee of $15 be charged.

JAKEY'S LUNCH WAGON.

The matter concerning Jakey Newmark's lunch wagon was then revived. Alderman Allen thought as Jakey had secured the consent of two-thirds of the business firms on the street, he should be granted a license as agreed.

Alderman Ogden argued that many of those whose names appeared on the petition were not in business on the street; a number were simply property owners. Jakey appeared and spoke in his own behalf, urging that the Council treat him fairly. W. T. Shaw, who said he represented Mr. Bradner, opposed the granting of a license, or allowing the wagon to remain on the street. The matter was finally referred to the City Attorney, his opinion to be final.

The City Attorney was instructed to draw up a release of Depot street to city by Howell & Webster.

C. C. Lutes' bill as registrar of vital statistics was ordered paid on the basis of twenty-five cents for registration and burial permits.

E. G. Medrick appeared before the Council in regard to improvements on East Broadway. He said he was amused at the way the city fathers transacted business. Alderman Memory insisted that they could not find out what he wanted, and sharp words passed between them. Mr. Medrick then stated what he wanted done.

Captain Veber was empowered to secure temporary quarters as a lockup, during repairs on King street building.

A recess was taken until this evening at 8 o'clock.

MIDDLETOWN'S NEW LIBRARY.

A Literary Enterprise Worthy of Your Patronage.

A novel literary enterprise has just been established in Middletown.

To put the entire world of popular, modern and classical literature, in books or magazines, within reach of any community of even fifty intelligent readers, is the seemingly very large, but really not very difficult, undertaking of the American Literary Exchange of New York, John B. Alden, manager.

The method is a simple common sense affair. You can read but one book at a time; fifty readers can read but fifty books: give the fifty perfect facilities for exchange of books, with each other; and give each community of fifty, or of five hundred or more, readers adequate facilities for exchanging with other communities, and the thing is accomplished.

The run of the world's living literature is, in this manner, now put within reach of readers of Middletown at a cost that is quite trivial, the expense depending on whether you read few or many, cheap or expensive books. You pay for what you get, and get what you want. The library is now open and over 350,000 volumes are subject to the call of patrons.

The Middletown Exchange Library, as the enterprise will be known here is located in the convenient and attractive store of Mrs. C. P. Clark, 19 Main street, and is in her charge.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
